Farm was purchased for philanthropic purposes. He came to Good Will in October, '97. He was a Good Will boy until March, '98, when he entered the employ of a citizen of Hinkley, Maine. He has the same position now, while continuing his studies in the Good Will High school.—Good Will Record.

Mrs. A. B. Meade of Natick, Mass., Mr. and Mrs. Harvey Meade and son Charles of New Bedford, Mass., arrived Saturday and went to Sandpoint for a few days. They will return to Belfast this week to visit Mr. and Mrs. Henry D. Clough and Mr. and Mrs. Henry B. Cunningham and attend the marriage of George Coombs and Miss Ada Cunningham.

Dr. Albert M. Jones of Milo, a graduate of M. C. I., was at Chapel Thursday and addressed the students. His remarks were very entertaining and he held the general attention during his remarks. After graduating at M. C. I., Dr. Jones took a course in medicine, taking a course in the Maine Medical School. He now resides in Milo and has built up a large practice. While in town he was the guest of Dr. and Mrs. J. Taylor, Main street, Pittsfield, Maine.

The Belfast correspondent of the Bangor Commercial reports that Mrs. Lillian Mar-

shall Swift will contest the will of her father, W. E. Marshall of New York, the noted artist and engraver. Mrs. Swift, the only child, is not mentioned in the will, and the whole estate, which is estimated at \$40,000, is left to his widow, who was his second wife. Mrs. Swift is the daughter of Mrs. Emma J. Marshall.

The Bangor Commercial of last Saturday had an appreciative sketch of Hon. Arthur I. Brown, Deputy Secretary of State, and candidate for the position of Secretary, and said that "if party precedents on civil service ideas count for anything he is entitled to advancement to the post of honor." The Commercial concludes: "Friends in Bangor, and they are many, will wish him success in his canvass for the office of Secretary of State."

er, Elmer E. McNalley, started from Dixmont on their homeward trip, Oct. 2, after a pleasant visit of several weeks with relatives and friends in W. H. and wife residence in Lowell, Massachusetts, and Elmer E. is located at Pasadena, Cal. They were ten in their party and among the number were Mr. and Mrs. C. W. Marden, formerly of Swanville and Mr. and Mrs. O. D. Prescott and son, formerly of Plymouth.

Henry O. Dodge of this city, a student of E. M. S. in 1891, was in Bucksport last Friday and attended country school at the nary in the evening. He entered into the games and told of some of his experiences 35 years ago. Among other things he said that he had heard of the changes and improvements made at the seminary during the last half dozen years, but he had no idea how extensive these changes were until he had seen them for himself. "Why," he

said, "this seems like a great big home."

The Glenoeve Study Club met with Mrs. J. F. Rich Wednesday afternoon, Oct. 2nd, at the first meeting after the summer vacation. Officers were elected as follows: President, Mrs. J. F. Rich; vice president, Mrs. Charles J. Gregory; secretary, Mrs. A. T. Carroll; corresponding secretary, Mrs. Frank H. Ingraham; treasurer, Mrs. Edwin P. Stevens; committee on club magazines, Mrs. J. F. Rich and Mrs. Charles J. Gregory. Mrs. Rich was formerly of Belfast, daughter of Capt. O. W. French, now of Lincolnville, and her husband is a former principal of the Belfast High School.

Morrill was sentenced to 30 days in default of payment 30 days additional. He appeared and the bonds were fixed at \$400. Mr. Tinkes appeared as counsel for Morrill, but he was represented by Mark Bartlett, Esq. Morrill was unable to obtain bail.

## COUNTY ATTORNEY-ELECT.

Hon. Wm. P. Thompson of Belfast.

[From the Boston Sunday Globe.]  
When the smoke had cleared, the dust settled and the roll of politically killed or missing was called, after the last Maine election, Waldo county showed one break in the usually solid Republican front.

One lone Democrat was elected, the sole survivor of his ticket, and Hon. William P. Thompson of Belfast, once referred to as the "Old War Eagle of Waldo," will be the next county attorney—an office popularly considered a "good job."

Mr. Thompson is one of the most picturesque characters known to the stage of Maine politics, upon which he has appeared nearly every season for the past 30 years. It is a common saying down in Waldo county that "if Bill Thompson had been a Republican, he would have been in congress long ago," to which "Bill" adds, that he "might have been in jail."

A man of great ability, absolutely honest, generous to a fault, kindly, charitable, "everybody's friend," it was but a logical conclusion that he should stand high in his party. He has probably been nominated more times and for more different offices than any other man in Maine.

Being of a party much in the minority in his particular territory, he has of course suffered many defeat, but he has held a number of honorable offices, and it may be added that his last election was a marked tribute to the man, rather than to his party, as many a staunch Republican put on his ballot a "stickler" for "Bill."

William P. Thompson was born 62 years ago in the town of Troy. He went to the little red schoolhouse, worked in a sawmill, and after he got a little money ahead went to Belfast and read law in the office of Judge George E. Johnson.

So faithfully did he copy with Blackstone that he passed his examinations and was admitted to the Waldo county bar in 1870. He hung out his shingle in the town of Vassalboro, in Kennebec county, where he was successful and was there elected to his first office, superintendent of schools.

When it came Vassalboro's turn to furnish a candidate for the legislature, the young village square was put up, elected, and Mr. Thompson served as a member of the Maine legislature in 1876. He declined a second term, as he longed for a wider field of action and a larger salary.

As he afterward expressed it, he felt like Daniel entering the lion's den, for, at that time, Belfast was the abiding place of a coterie of the most acute legal talent in Maine. There was W. H. Fier, afterward a justice of the supreme court, and the brilliant orator and statesman E. K. Boyle; also J. B. March, W. B. Hartman, all gone to their reward, besides Hon. William H. McLean and Hon. George E. Johnson, still in practice.

It was really an uncertain outlook for a rising young attorney to face these intellectual giants at the bar, but Mr. Thompson had the courage, or as it was then called, the audacity, to fight out his "case" and, as it happened, "lost cases" galore. He took many a forlorn hope and desperate chance, and fought his way to the place where he now stands as one of the most able and honest lawyers in Maine.

He figured in local politics all along the way, and was the chairman of judicial meetings and named of many committees. In 1890, high party honors came to him as he was nominated as candidate for governor of Maine in opposition to Hon. Edwin C. Burdick, and although defeated, the satisfaction of cutting down the Republican plurality from 28,000 in the previous election, to 18,570, was offered the nomination again in 1892, but he declined to enter the fight for Congress in the 3d district against Hon. S. L. Milliken.

The campaign between "Bill" and "Seth" was a warm one and "Seth" was given something of a scare as "Bill" was given the nod, pulled down the plurality in the district from 4,716 to 1,882.

In 1891 Mr. Thompson was elected mayor of Belfast on a citizens' ticket, and re-elected the next year, serving with general satisfaction.

In 1899 he was appointed a referee in bankruptcy, which office he still holds. Of late years Mr. Thompson has left politics to younger men and attended strictly to his large practice, although his democratic capital and his government last spring in their exuberance, they insisted that "Bill" should come in for a share of the spoils and he was elected to a position or rather the office was thrust upon him.

When the state election time drew near this fall and the clouds of promise were heaping high for the candidates, there was a call for a candidate to head an attack on what was considered a weak place in the line of the enemy. "Bill" Thompson was the man for the party, and he was elected. And "Bill" was "stung" with the old war-lust once more and went into the fight, winning out handsomely although his allies were thrown back in confusion all along the line.

The "ruth" question is a burning one down in Waldo county. Sheriff Carleton, who last year had a large and select court of prominent citizens in jail for selling liquor, was re-elected.

"Great Caesar! Carleton and 'Bill'—we are between the devil and the deep sea," a liquor dealer was quoted as saying when the result of the election was announced.

The phrase was taken up and has spread all over the state that Waldo county rum-sellers are "between the devil and the deep sea."

This is in itself a marked tribute to Mr. Thompson, that it is taken for granted that there will be no deviation from the straight line of the law, and that any case coming to his notice will be prosecuted according to the law as set forth by the revised statutes of Maine.

In an interview directly after his election, Mr. Thompson said that while he was not in favor of the prohibitory law, such a law was on the statute books, and as long as it was there he should abide by its provisions.

## The Heart Can't Stand Rheumatic Acid Poisoning

To Free and Correct the Blood a Uric-O Treatment is Advised.

There is great danger in those sharp shooting pains through the chest and in the region of the heart. It denotes that uric acid and rheumatic acid are there ready to spring and grip tightly the muscles connected with the action of the heart. These dangerous poisons, if not removed, will cause the heart to stop. You must neutralize these dangerous poisons as soon as they appear, or sooner or later they will overcome you.

The only true way to cure Rheumatism is to get it from the inside with Uric-O. It acts with marvelous swiftness upon the muscles, kidneys and bowels. Clears out the surplus deposits in the muscles, forces the kidneys to perform those duties for which they were designed and neutralizes the acid within the blood.

Your physician will admit that this is the only true way to cure Rheumatism permanently, and should know that Uric-O is the one remedy that will do it successfully and permanently. Uric-O is a liquid taken internally, 3 times daily and does not contain a drop of alcohol, opium or other dangerous poisons. It is good for Rheumatism in any form. Sciatica, Muscular, Neuritic and Articular Rheumatism all yield readily to Uric-O. The store of R. H. Moody is the home of Uric-O in Belfast and if you call on him he can tell you many wonderful cures that Uric-O has made right here in your own home town. He sells it for 50c and 1.00 the bottle or you can obtain a trial bottle free by writing to the makers of Uric-O, the Smith Drug Co., Syracuse, N. Y.

## Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes that he has a perfect right to insist upon such knowledge. So he publishes, broadcast and on each bottle, what his medicines are made of and why he feels that he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and cures nervous exhaustion, nervous prostration, neuritis, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

## MR. SHEA IN "OTHELLO."

Thomas E. Shea was welcomed by another large audience at the Globe theatre last night and one that rivalled in its efforts to applaud the actor's safety in the previous evenings and matinees. "Othello" was the production and it scored a big hit. So few of our players of the present day are capable of the great dramatic power of the great Irish actor that when one does present in a capable manner one of the great plays there is sure to be an interested audience. And no one who has seen Mr. Shea in "Othello" doubts his ability to present the character intelligently.

The play last night was a scholarly effort and deserved all the praise it evoked. The audience, however, was not so scholarly. Situations were worked up well and the company enacted the roles with much skill. All the salient points of the great tragedy were taken care of and what was left out was of really minor importance.

Mr. Shea played the title role. As the noble Moor he gave a delightful presentation of a character that is familiar to all lovers of literature. There was no striving for extraordinary tragic effects, the player keeping within the role at all times, and when necessary brought out strongly the noble and heroic qualities of the character. His clear and gestures effective. After each act the curtain had to be raised in response to the generous showers of applause.

Charlotte Barker shared in these outbursts, too. She had the role of Desdemona. Miss Barker's acting was delightful throughout the piece and she deserved all the praise her play evoked. James J. Cassidy in the role of Cassio scored a hit by his capital work and John E. Gilbert's Iago was exceptionally well done. Spencer Charters played Rodrigo very well and Frank Darrin made an admirable Montano. Andres was excellent in the character of Emilia and J. Irving Southard played Othello capably. Robert Lee, John Wilton, Edmund Dean and Layman also acted their roles very well.—Boston Globe Oct. 12th.

## Found Sloan's Remedies Very Satisfactory in Every Case.

Crandall & Co., East Buffalo, N. Y., say: "Sloan's Lymphatic Liment and Chill and Fever Remedy are the standard medicines with shippers coming through. We have given them both many severe tests, and have found them very satisfactory in all cases. The demand is still increasing for them. I consider the Lymphatic the best for general use that I have used for the past twenty years of my experience in the hotel and stable business."

## ECONOMICAL LIGHT.

Nearest Approach of an Artificial Light to Daylight.

On another page is the advertisement of the Portland Safety Gas machine, which may be installed in a residence or place of business. By this device no gas is stored in the building and consequently there is no danger from explosion from gas from the city mains. This machine begins making gas automatically as soon as a burner is lighted and if one is lighted the machine makes sufficient gas to supply it and if ten more are lighted the machine makes gas as fast as burned. When the lights are shut off the machine shuts down automatically. The demand for this superior gas for lighting, heating and cooking at a cost much less than that furnished by the gas companies. This gas is said to be a strong, beautiful, soft steady light, the nearest approach to daylight of any artificial light and at a much less cost than is charged for city gas or electricity.

with marked blueness or paleness of face, vitiated appetites and a craving for unwholesome food. These are signs of deranged liver, and the trouble must be corrected or worse results are sure to follow. Dr. Kennedy's Favorite Remedy dispels all liver disease. It cleanses the system and cannot afford to treat this matter lightly.

## POTATOES AND PAPER.

Great Northern Paper Co. to Ship via Stockton. New Sch. Northland to Run Between Stockton and New York.

The Northern Maine Seaport railroad and its terminal at Stockton Springs is to be the outlet for the production of the mill of the Great Northern Paper Co. at Millinocket and the new mills which are now in course of construction at Dolbear's Pits and Burnt Land rips on the West Branch of the Penobscot river. Heretofore all the product of the Millinocket mill has gone out by the Penobscot river, but it has been unsatisfactory at times owing to the difficulty in getting sufficient cars to take the paper away from the mill. The cars have been obtained, but sometimes it has been necessary to fill and the paper has to be in Boston or New York at a certain time and there are from ten to 15 carloads a day to be shipped, a scarcity of cars is unfortunate.

The Seaport road was built to meet just this emergency and it has succeeded so far as the Great Northern is concerned. The road is now kept on the road better than ever before and the company always has cars enough on hand for the shipment of their paper. Heretofore, however, the Great Northern has been unable to get its product to the Seaport for her unloading do not miscarry. The Northland will be one of the finest schooners in the American merchant marine. Her construction is of the very best throughout and she is all that expert knowledge of ship-building can make her. In the building of the Northland also an experiment has been tried which will be of great value to the ship-builders in her class. She is not to be dependent on the whim and caprice of the wind and tide as her sister ships are, but, in addition to her immense power, she will have a 400-horse power gasoline motor which will turn a propeller and give the big schooner headway even if there is not a breath of wind. With this motor the schooner is expected to be able to make six or eight knots and she will also be independent of tugs and be able to dock herself.

The Great Northern Paper Co. is now preparing plans for the construction of a large building for the storage of paper. The building is to be of stone and masonry, and will be capable of storing 100,000 tons of paper. The company is now shipping from the Millinocket mill 100,000 tons of paper daily. The building will be a great help to the company in the future. The building will be a great help to the company in the future. The building will be a great help to the company in the future.

## MAINE.

We love our dear old State of Maine, Her sons and her daughters, true, That grand old State, with its rugged hills, 'Tis the home for me and for you.

The ocean wide, the wonderful sea, Thunders at the eastern gate, And the coast is skirted with emerald isles, In the beautiful Pine Tree State.

We love to watch the setting sun Behind its western hills, We love to watch the morning glow On its little purling rills.

We love to walk through the great pine groves With their breezy, fragrant air, Their needles carpet, thick and soft, And the bird-notes sounding there.

We're proud to think of the strong, brave men, And the women, grand and true, Who have won such fame in the busy world, And are children, dear Maine, of you.

'Twas by thy woods, thy hills, thy lakes, Thy spots of happy youth, And those poets, authors, statesmen great, Are thine, dear Maine, in truth;

O fain would we cling to thy beautiful shores, As we did in the days of yore, But we cannot do so to use always, And we know not the future's store.

But, beautiful Maine, our homeland State Wherever we may roam In coming years, we'll ne'er forget Our glorious childhood's home.

## An Aroostook Potato House.

L. H. Clark of Maysville has had a potato house built, 35x50, with a ten foot basement of stone and mortar, and concrete floor. The cost was about \$1,000. The house has a storage capacity of 3,000 bbls., which Mr. Clark will need, as he raised about 3,000 barrels of potatoes. On one piece he harvested 150 bbls. per acre.

OUR CLUBBING OFFERS. Owing to the crowded condition of our columns we have had to discontinue the advertisements of clubbing offers, and will present them briefly here. They apply only to subscriptions in advance; and when payment is made it should be stated what premium, if any, is desired. It is also necessary to say that none of these publications are mailed with The Journal or from this office. We have to pay for these publications one year in advance, and they are then sent from their respective offices to our subscribers. KIDNEY TROUBLE

The importance of knowing just what to do when one has kidney disease or urinary troubles, is best answered by the following letter which was recently published in the Poughkeepsie, N. Y., News-Press:

MILFORD, Dutchess Co., N. Y.  
"Dr. David Kennedy, Dear Sir:—For more than eighteen months I was suffering with kidney trouble which could scarcely walk a quarter of a mile without fainting. I did not gain any until I began to use Dr. David Kennedy's Favorite Remedy. After using the first bottle I noticed a decided improvement which continued, and I know that

DR. DAVID KENNEDY'S FAVORITE REMEDY

saved my life, for I was in a miserable condition up to the time I began to take it—my friends thought I never would be better. My sister also has been very sick with bladder trouble for over a year, so bad that quantities of blood would come from her. She suffered at times most frightful pain, and nothing seemed to help her until she began the use of Dr. David Kennedy's Favorite Remedy. She is now using her third bottle, and is like a different person."

COZY HOMES.

The discovery of a new wick principle—so effective and yet so simple that it's a wonder no one thought of it before—has so revolutionized the manufacture of oil heaters and lamps that explosion, smoke and smell,

That depends upon the ear.Motoring Illustrated says that motor  
cars go out of fashion in two years.  
Many of them go out of existence in  
less time.No excuse this year for not getting  
the fall work done. We have had at  
least a month extra of favorable weather

exercises at a theological seminary.The pure food law, like all reforms,  
will bear heavily on some; but it cannot  
be denied that it is in the interest  
of the public health, which ought to be  
of first importance.Under the new meat-inspection act  
farmers who kill and sell their own  
animals do not have to have a permit

Maine husking bee where "the sweet

knows about such things from the times  
of the Pilgrims till this day.—Water-

lovers. Moran has demonstrated that  
he has a winning way with the voters,  
and despite the Democratic defections  
in New York Hearst is showing a hold  
on the masses that is somewhat alarm-  
ing.The Waterville Sentinel in comment-  
ing on the fact that the Massachusetts  
fish and game commission will attempt  
to secure more definite data concern-  
ing the movements of scallops, says: "No  
matter how much they do in this di-  
rection they will never get a Massachu-  
setts scallop to taste so good as a Maine  
lobster." But only wealthy editors can  
indulge in Maine lobsters.The Cunard steamship Saxonia,  
which sailed from Boston Monday for  
Liverpool, took out an enormous  
freight, and her capacity may be  
realized when it is figured out how  
many coasting schooners it would take  
to carry the load. She had 15,000 bar-  
rels of apples, 45,000 bushels of wheat,  
800 tons of provisions, 200 barrels of  
molasses, 400 tons of flour, 150 tons of  
lumber, 100 tons of paper, 100 tons of  
refrigerator cargo and a large miscel-  
laneous freight.The old-fashioned Atlantic Monthly,

pressed by the Atchison Globe and  
with his commendation of the adver-  
tising pages of other magazines, which  
are said to be more interesting than  
the reading matter. The Globe says  
further in this connection: "The genius  
of the modern magazine is not the edi-  
tor, but the advertising manager."The Lewiston correspondent of the  
Boston Herald reports a large increase  
the past year in the deposits in the two  
Lewiston savings banks, and says that  
some attribute this to the enforcement  
of the prohibitory law. The Herald  
correspondent says further:It would be quite a difficult matter  
to trace just what effect this enforce-  
ment has had, but no doubt it has had  
something to do with the increase of  
savings among the poorer classes. For  
some time this law has been enforced  
in this city as it never was before, and  
the practical application of the law has  
caused some men to believe in enforced  
prohibition who hitherto were in-  
clined to look with favor toward a local  
option plan.CURE CATARRH NOW.  
Do Not Wait Until Winter or the Disease  
Will Become Chronic.Many people in Belfast are troubled with  
the symptoms of offensive catarrh which  
usually appear at this season of the year.  
Before the disease becomes chronic use  
Hymel and get complete relief from  
catarrhal troubles. If you do not treat the  
disease promptly it may become chronic  
and almost incurable. Use Hymel now  
and cleanse your system of the mucus  
troubles, and you will be free from catarrh  
and far less susceptible to coughs and colds  
during the winter.There is no stomach dosing with Hymel,  
just breath it.  
R. H. Moody gives a guarantee with  
every package of Hymel. Complete out-  
fit costs but \$1, extra bottle if needed 50  
cents.

A. M. Ames, Esq., returned from a short  
trip to Portland Friday.Mr. H. L. Hopkins returned Monday  
from a business trip to Camden.Mr. Edward LaFolley is confined to the  
bed by a severe attack of sciatica.The Ladies' Aid Society met Thursday  
afternoon with Mrs. Horace Staples.Mr. and Mrs. Elmer Thompson arrived  
last Saturday after visits in Boston and vi-  
cinity.Mr. H. L. Hopkins went to Camden on  
business last Saturday and returned Mon-  
day evening.Mrs. Abigail P. Goodhue is convalescing  
steadily, much to the relief of her family  
and friends.Miss Millie Stevens of Troy came  
Wednesday for a visit with her brother,  
Dr. G. A. Stevens, and wife.Mr. and Mrs. E. H. Hunting moved into  
the north side flat, third floor, of the Hop-  
kins block last Thursday.C. N. Taylor left Saturday for a business  
trip to Weymouth, Mass., his place of resi-  
dence, and returned Wednesday.Mrs. Alvah Treat was present at the  
meeting of the Federation of Women's  
Clubs, the present week in Bangor.Miss Edith Griffin has returned from  
Stonington, because of being poisoned by  
handling buckram in the millinery depart-  
ment, in which she was at work.The sympathy of all acquaintances in our  
village is extended to Mrs. Grenville Harri-  
man in the sudden death of her husband  
last Sunday from angina pectoris.Rev. Mr. Mann of Westbrook is in town  
in the interests of the Congregational society  
in this section which is intending to build a  
new church edifice in the near future.J. B. Cox now offers jewelry to his  
patrons in his new room in the Hopkins  
block. It is an improvement upon his former  
location. He moved last Thursday.The Universalist parish is in correspond-  
ence with several persons relative to the  
settlement of a minister in town. The can-  
didates will probably be heard before long.The whist party given in Denlow hall  
last Thursday evening by the Young Lad-  
ies' Guild was a very pleasant occasion and  
the company was good sized considering the  
rainstorm.Mrs. J. F. Ryder left Monday for her  
home in Cambridge, Mass. Her father,  
Capt. J. French Hichborn, will join her  
and her husband later in the season for a  
three months' visit.The stock of dry and fancy goods belong-  
ing to the late Frances Cleaves is being sold  
at reduced prices to clear the store. It is a  
good opportunity to buy ladies' and chil-  
dren's undergarments and hose.Mrs. C. S. Rendell appears to be some-  
what stronger recently, and it is the  
opinion of her physician that unless com-  
plications arise she may be brought from  
Searsport on a mattress the last of the  
present week.Mrs. Ralph Morse has been out for  
drives several times during the beautiful  
weather. Her muscular rheumatism in the  
back has been very tedious and painful for  
several weeks and her friends are glad to  
know of her improvement.Miss Mary Hichborn was brought home  
from Searsport last Saturday very comfort-  
ably in W. M. Berry's rubber-tired hack.  
She is yet confined to her bed, but steadily  
improving from her recent severe sickness.  
Dr. Stevens is attending her.Mrs. G. M. Houghton, the new president  
of the Current Events Club, left Wednes-  
day to attend the annual meeting of the  
Maine Federation of Women's Clubs in  
Bangor, Oct. 17, 18 and 19. The program  
indicates an enjoyable session to our  
Stockton delegates.Mr. and Mrs. Harper had as their guest  
last week Mr. H. H. mother, Mrs. Harper of  
Portland. It is probable that Mr. H. will  
be transferred from this location to the  
office of the engineer-in-chief in Houlton,  
as Mr. Burpee expects to need his services  
there during the winter.The printing plant of the late Bangor  
Sunday Republican and The Stockton  
Springs Sun has been bought by H. C. Lib-  
by, who may conclude to bring the presses  
here, for printing the Waldo County Com-  
mercial in our village, if sufficient pecuniary  
encouragement is given by our citizens.Mr. C. N. Taylor has bought all the real  
estate in our village owned by Mr. Edward  
N. Harriman, with the exception of the half  
acre lot upon which his home is located on  
East Main street. This transfer comes a  
surprise to Mr. H.'s neighbors, who hope  
he does not contemplate going out of town.It is reported that the Great Northern  
Paper Co. has under charter a crack freight  
steamer to run between Stockton Springs  
and New York. While this steamer is  
chartered to carry the produce of the Great  
Northern's mills at Millisnoke, her capacity  
is such that she has ample freight room  
for potatoes and other classes of freight.  
If business warrants other steamers will be  
added.Last Friday a company of sixteen promi-  
nent and wealthy business men was  
brought to Cape Jeddison, by President F.  
H. Libby, to inspect the B. & A. facilities  
for handling freight at its great terminal  
dock. As usual the visitors were amazed at  
the extent and solidity of the three great  
piers, and their capacity for doing an ex-  
tensive shipping business. No one leaves  
those wharves disappointed; they are im-  
mense.A new firm, Goodhue & Co., opened its  
doors the present week in our village, offer-  
ing a line of hardware, kitchen utensils,  
paints and oils. The partners are Mr.  
Albion Goodhue, formerly of Quincy,  
Mass., Mr. L. Albert Gardner, lately of  
Newtown, Mass., and Mr. H. B. Bank, a  
resident of Boston, who is the silent mem-  
ber of the firm. Goodhue & Co. hope by  
close attention to business and prompt ex-  
ecution of all orders to merit a share of the  
growing business in their line in this vil-  
lage.Our village post office was changed last  
Friday from East Main street, to the rooms  
prepared expressly for it in the new Hop-  
kins block at the foot of Church street.  
These accommodations are far superior to  
anything previously offered in town. The  
office is 50 by 20 feet; the postmaster's pri-  
vate room 8x16 feet, and a lavatory and  
store room occupy 8x12 feet. The rooms  
are finished in express, the floors are birch  
and maple, and a plate glass front admits a  
flood of light. The mail will be delivered  
at the rear entrance—an improvement upon  
previous methods.The Current Events club announce a  
series of four popular entertainments to be  
given in Denlow hall on the evenings of

where they were married at the home of  
the groom's sister, Mrs. Parker. Saturday  
evening the couple arrived home and were  
met by a party of friends at the station,  
who deluged them with rice and then es-  
corted them to a specially decorated car-  
riage, into which the jolly crowd piled to  
accompany the newly wedded pair to the  
home of the bride's parents, Mr. and Mrs.  
Noah Twiss, on Church street. The num-

35 YEARSTerrible Scaly Humor in Patches  
All Over the Body—Skin Cracked

able—Cured by Cuticura in Thirty  
Days at Cost of \$4.75.ANOTHER WONDERFUL  
CURE BY CUTICURA"I was afflicted with psoriasis for  
thirty-five years. It was in patches all  
over my body. I used three cakes  
of Soap, six boxes  
Cuticura Oint-  
ment, and two  
bottles of Cuti-  
cure Resolvent. I  
bathed with the  
Soap, applied the  
Ointment once a  
day, and took the  
Resolvent as di-  
rected. In thirty  
days I was completely cured, and I  
think permanently, as it was about five  
years ago.""The psoriasis first made its appear-  
ance in red spots, generally forming a  
circle, leaving in the center a spot about  
the size of a silver dollar of sound flesh.  
In a short time the affected circle  
would form a heavy dry scale of a white  
silvery appearance and would gradually  
drop off. To remove the entire scales  
by bathing or using oil to soften them  
the flesh would be perfectly raw, and a  
light discharge of bloody substance  
would ooze out. That scaly crust would  
form again in twenty-four hours. It  
was worse on my arms and limbs, al-  
though it was in spots all over my  
body, also on my scalp. If I let the  
scales remain too long without remov-  
ing by bath or otherwise, the skin  
would crack and bleed. I suffered  
intense itching, worse at nights after  
getting warm in bed, or blood warm  
by exercise, when it would be almost  
unbearable.""To sum it all up, I would not go  
through such another ordeal of affliction  
for thirty-five years for the State of  
Kansas. (signed) W. M. Childster,  
Hutchinson, Kan., April 20, 1905."Cuticura Soap, Ointment, and Pills, are sold throughout

autumn colors produce effects which are in keeping with the somber color

autumn colors produce effects which are in keeping with the somber color scheme. Among the mannish suitings there are many unobtrusive stripes which are very attractive, and have almost superseded the checked materials in popularity. The plaids are also very dark, the newest ones and bronze greens. One characteristic of the novelty plaid materials is a satin stripe, generally in black, which recurs regularly in the pattern. The separate plaid shirt, particularly in the shadow plaids, is a feature of the season. The waist is invariably accompanied by a waist of the predominating shade in the plaid."

## An Incident of the Spanish-American War.

Capt. C. A. Colcord writes from Danbury, Conn.: "The Journal is an old friend that keeps us in touch with the few web feet left of the sailing ship epoch. They are dropping off one by one and soon the gallant spirit of enthusiasm engendered; by the sailing bus will be replaced by the crowded bus machine movements of those who must hold their position on steam ships for a living. All the romance of the ocean was brought out under sail. Steam brings out part of it, but the majority of it is very prosaic. I see Capt. G. W. Hichborn of Searsport has made his last harbor. We had some exciting times together at the breaking out of the Spanish war. We were the last two in Cienfuegos. All U. S. officials had been taken away. Our government sent one of the United fruit ships for them. You may imagine our feelings when she sailed out of the harbor. War on, no more avenues of communication with home;

Moro Castle staring us in the face as prisoners of war, with a hot summer

Moro Castle staring us in the face as prisoners of war, with a hot summer coming on and promise of plenty of yellow fever we felt like rats in a cage. The Secretary of State had cabled us several days before to leave the city at once, but our cargoes were too valuable to let us go. Public demonstrations were being held in the street, denouncing all Americans, and we found it advisable to keep close on shipboard. But on being discharged they did let us go, even though war had been declared and the port closed. It was quite a wonder to us, for we very much doubt if even Uncle Sam would be so kind as to let us sail one day and Capt. Hichborn the next. There was no security in this until we found ourselves at sea and well away from land. These experiences together of old make us do some thinking, when the cable is shipped and another shipboarder from the small fleet left."

The home of Dr. Eliza Hopkins was the scene of an unusually pretty wedding Oct. 13th, when the daughter, Miss Eleanor Hopkins, was united in marriage to Captain Joseph D. Sweetser. Promptly at high noon the bride, becomingly gowned in white crepe de chene over white tulle, trimmed with point lace and carrying an arm bouquet of brides roses, entered the tastefully decorated room to the strains of "Lohengrin" rendered by Miss Guida C. Homer. The bride was escorted by little Dorothy Colson, niece of Capt. Sweetser, who acted as flower girl. The ceremony was impressively performed by Rev. T. P. Williams. A very pretty reception followed the wedding ceremony, after which a wedding breakfast was served in the dining room. The color scheme here was red and was very effective. Miss Eleanor, quippy presided at the luncheon, assisted by Mrs. Lincoln Colcord and the Misses Resie Adams, Guida Homer, Herriette Webber, Sara Grinnell, Louise Nichols and Miss Dorothy Colson. Capt. Sweetser is commander of the steamer Californian of the Hawaiian line running between New York and San Francisco, and will sail from New York next week, Mrs. Sweetser returning home.
